

PETITION

Submission/Petition to Rotorua Lakes Council Against the Tarawera Sewerage Pipeline Through Rotokakahi Lands and Catchment

15 March 2024

Wally Lee Chair
Rotokakahi Board of Control

On Sunday 3 March 2024 and at the request of Rotorua Lakes Council, a special hui of owners was held at Hurungaterangi Marae Ngapuna. In attendance were 150 recorded beneficial owners and descendents.

Technology provided by Local Gecko Productions, live streamed the hui on Face Book and on You Tube. As of Tuesday 5 March, online viewing numbers reached 2854. All records and comments against the pipeline have been recorded. There are no comments in favour of the Lake Tarawera pipeline coming through the Rotokakahi and Te Wairoa stream catchment.

The hui is recorded and available for reproduction and evidence of the day. After all presentations from the Rotorua Lakes Council were complete, a resolution was put to the owners present.

Resolution:

Rotokakahi Owners and Beneficiaries do not support the installation of the sewerage pipelines in, around, under or through the catchment of Rotokakahi and Te Wairoa Stream.

All in favour – 150

Against – 0

On behalf of the beneficial owners of Lake Rotokakahi the Rotokakahi Board of Control present this petition against the Lake Tarawera Sewerage Pipeline Scheme and wish to be heard in person at the next meeting of Rotorua elect Councillors to present our petition.

Attached are the signatories to the petition and attendance list. A copy will also be sent to the Office of the Governor General for recording purposes.

A handwritten signature in black ink, appearing to read 'Wally Lee', written in a cursive style.

Wally Lee

Chair
