

Rotorua Lakes Council Prostitution Bylaw: Statement of Proposal

BACKGROUND

Rotorua Lakes Council (RLC) is empowered by the Prostitution Reform Act 2003 and the Local Government Act 2002 to make bylaws for the purposes of regulating the location of brothels and to regulate signage advertising commercial sexual services.

The RLC Prostitution Bylaw 2009 was seen as the most appropriate way of addressing the perceived problems in relation to commercial sexual services operating in Rotorua.

In particular, the RLC Prostitution Bylaw 2009 prohibits the establishment or operation of a brothel anywhere in the district outside the Rotorua CBD (as defined in the map). Further, consent will not be granted if the proposed location is within 100m of a sensitive site (e.g. school or church), within 100m of another brothel or at ground level.

With regard to signage, a sign may not be placed on any building or structure that advertises the availability of commercial sexual services, unless it is the name of a brothel or other commercial sex premises consented to by the Council.

WHY ARE WE CONSULTING

RLC's Prostitution Bylaw 2009 was due for review by April 2019. In 2018, the Bylaw was reviewed and public consultation on the Bylaw was carried out between 23 November 2018 and 25 January 2019. Council did not propose any changes to the 2009 Bylaw.

Feedback from this consultation identified there were options not initially considered, these options requiring further consultation. Consideration of the feedback received from the first round of consultation resulted in RLC recommending that a Prostitution Bylaw is the most effective way of addressing the location of brothels and other commercial sex premises in the District and the placement and establishment of signage relating to prostitution.

This consultation round is an opportunity for RLC to check in with our community as to whether they think a Prostitution Bylaw is necessary, and if so, hear their feedback on what should be included in a Bylaw 2020.

OPTIONS

Option A: Retain the existing RLC Prostitution Bylaw 2009 with no changes, meaning:

- Prohibiting the establishment or operation of a brothel anywhere in the district outside the permitted area (as defined in the map).
- Brothels not being located within 100m of a sensitive site (e.g. school or church), within 100m of another brothel, at ground level
- Requiring a consent for the establishment of a brothel

- Regulation over the content and establishment of signage relating to these brothels and commercial sex services.
- Prohibiting soliciting or touting for commercial sexual services in any public place.
- A fine not exceeding \$20,000 for breaching the Bylaw.

Option B –RLC’s recommended option: Adopting an RLC Prostitution Bylaw including:

- Adding the definition of ‘sensitive site(s)’ to ensure consistency across RLC regulatory mechanisms related to sensitive sites.
- Adding ‘small owner-operated brothel’ (SOOB) to the definitions.
- Altering the definition of ‘distance’ to ensure consistency in definitions across RLC policies.
- Replacing the need for a ‘consent’ to the need for a ‘permit’ for the establishment of a brothel within the permitted area.
- Prohibiting the establishment or operation of a brothel anywhere in the district outside the permitted area (as defined in the map).
- Adding a clause that allows SOOBs to be located outside of the permitted area for brothels. This clarifies the intention that SOOBs should be treated like any other home-based business.
- Prohibiting brothels (including SOOBs) from being located within 100m of a sensitive site (e.g. education facilities, marae or churches) and within 100m of another brothel.
- Prohibiting brothels from being at ground level within the permitted area ensuring that sexually challenging displays or activities do not occur in glazed shop fronts at the ground floor level. It also ensures shop fronts are active within the CBD within usual business hours.
- Removing the requirement for a (permit) application fee.
- Regulation over the content and establishment of signage relating to these brothels and commercial sex services.
- Adding of the following words in bold to section 3.5 (b) to reflect advances in technology - offensive or sexually explicit images **(including video) or pictures** on signage.
- Including that District Plan rules must also be met before signage will be approved by RLC.
- Removing Section 4 titled ‘Soliciting and Touting’ and adding the following clause (3.9) to Section 3 -“No person may distribute written material advertising Commercial Sex Premises or Commercial Sexual Services, or verbally advertise a Commercial Sex Premises, in a Public Place within the Rotorua District”.
- Adding a section entitled ‘Nuisance’ that allows the regulation of noise, disturbance and challenges to amenity and good order.
- Including fine not exceeding \$20,000 for breaching the Bylaw.

Option C: Option B with the following changes:

- Removing clause 3.9 prohibiting the written and verbal advertising of commercial sexual services or commercial sex premises in a public place within the Rotorua district.
- Requiring a permit for both brothels and SOOBs.
- Permitting brothels within the permitted area to locate on the ground floor.
- Removing the section on Nuisance.

Option D: Allow the current Bylaw to lapse, or revoke the current Bylaw, meaning:

- There would be no restriction to the location of any brothels anywhere in the Rotorua district including:

- Position in relation to sensitive sites (schools, other educational establishments, churches, or other buildings habitually used for religious purposes).
- Proximity to other brothels or commercial sex premises.
- Location of brothels on ground floor premises.
- Controls on signage would be more generic through the District Plan Signage Rules and the Advertising Standards Authority code of Practice.

Option E: Revoke the 2009 Bylaw or allow it to lapse AND insert required provisions into the District Plan, meaning:

This option is not recommended because:

- Of considerable resource engagement to include provisions in the District Plan that can more readily be addressed through a Bylaw.
- Current provisions specifically related to prostitution within the recommended (option B) Prostitution Bylaw 2020 may not be suitable for the District Plan.
- There is a timeliness issue as to how quickly relevant provisions could be included in the District Plan. The District Plan change process involves extensive public consultation, hearings and provides the potential for appeals.
