## BUILDING SERVICES

On application for a Building Consent a lodgment fee is payable. Some types of Building Consents have a fixed fee, in which no further costs will be incurred. Other types require a lodgment fee, where further costs may be incurred depending on the time taken to process the consent.

The lodgment fee includes a review by other functions of council to ensure compliance with other relevant legislation, policies and bylaws. The fees also include our administration, and most of our processing costs. The lodgment fee is non-refundable. If applicable, any additional fees and levies will be charged on the granting of the consent.

Your consent will not be issued if there are outstanding fees.

### Actual and reasonable costs

Actual and reasonable costs will relate to any matters for which a charge is payable under section 36(1) of the Resource Management Act 1991, and will include costs incurred by Council in respect of staff time spent including; travel time, on-costing to cover overheads, internal processing and assessment costs, information management and record keeping, external assessment/audit or consultant costs, and any direct costs or disbursements.

### Application of charges

A charge applies to each document required in the case of certificates and legal documents. A charge applies to each identifiable

application of consent being applied for.

#### Monitoring charges

For all land use consents that require monitoring they will be charged a monitoring fee; this shall exclude all Controlled Inner City, Controlled and Restricted Discretionary applications. The monitoring fee is set at \$225.00 per hour, plus Actual Costs. A higher monitoring charge may be applied as a condition of consent to implement a specific monitoring programme, or to review particular complex consent conditions. The higher monitoring charge may be incorporated by way of condition of consent as either a fixed charge or as an annual charge where on-going monitoring is required.

Where no monitoring is required by the consent, or where resource consent has been declined, the monitoring charge will be refunded to the applicant.

#### Discount

Where land use and subdivision consents are not processed within statutory timeframes, the Section 36AA discount policy may apply. Discount will be calculated in accordance with the Discounting Administrative Charges Regulations 2010.
