To Whom it may concern,

Kilwell Fibretube wish to confirm that they have manufactured Te Ahi Tupua (the Hemo Sculpture) in accordance with the manufacturing process as documented by Gurit Engineering.

We have performed all the testing as specified and the results have more than surpassed the necessary standards as required.

Kilwell Fibretube has been in the composites industry based in Rotorua for over 50 years and we stand by our manufacturing processes and take great pride in our work.

Regards
