Contents

Executive Summary	i
1 Introduction	1
2 Description of Route	2
2.1 Route Location.....	2
2.2 Road Functions.....	3
3 Traffic and Crash Characteristics	5
3.1 Traffic Volumes.....	5
3.1.1 Existing.....	5
3.1.2 Future Trends.....	6
3.2 Road Crashes.....	13
3.2.1 Crash History.....	13
3.2.2 Black Spots.....	21
3.2.3 Crash Summary.....	22
3.2.4 Future Upgrading Effects.....	23
3.3 Level of Service.....	23
3.3.1 Definition.....	23
3.3.2 Standards and Guidelines.....	24
3.3.3 Current and Future Level of Service.....	24
4 Road Characteristics and Condition	26
4.1 Introduction.....	26
4.2 Pavement.....	26
4.2.1 Seal Width.....	26
4.2.2 Top Surface Age.....	29
4.2.3 Pavement Age.....	31
4.2.4 Roughness.....	33
4.2.5 Rutting.....	35
4.2.6 Skid Resistance/Texture.....	38
4.3 Horizontal Geometry.....	41
4.3.1 Existing Situation.....	41
4.3.2 Standards and Guidelines – Operating Speeds.....	42
4.3.3 Improvement Proposals.....	43
4.4 Vertical Geometry.....	45
4.4.1 Standards & Guidelines.....	45
4.4.2 Existing Situation.....	45
4.4.3 Improvement Proposals.....	47
4.5 Side Roads/Intersections.....	48

4.5.1	Standards and Guidelines	48
4.5.2	Existing Situation.....	51
4.5.3	Improvement Proposals.....	53
4.6	Drainage	57
4.6.1	Existing Situation.....	57
4.6.2	Improvement Proposals.....	57
4.7	Bridges/Structures.....	58
4.8	Passing Opportunities	59
4.8.1	Existing Situation.....	59
4.8.2	Improvement Proposals.....	59
5	Geology	62
5.1	Faulting, Seismicity and Geothermal activity	63
5.2	Landscape and Topography	64
5.3	Geotechnical Characteristics.....	64
6	Existing Environment.....	66
6.1	Topography.....	66
6.2	Land Use.....	66
6.3	Ecology	66
6.4	Landscape	67
6.5	Archaeological Sites.....	67
7	Statutory Requirements	68
7.1	Introduction	68
7.2	Land Transport Management Act (LTMA).....	68
7.2.1	Introduction.....	68
7.2.2	Funding of Activities (Projects)	68
7.2.3	New Zealand Land Transport Strategy.....	69
7.2.4	Waikato Regional Land Transport Strategy	69
7.2.5	National Energy Efficiency and Conservation Strategy (NEECS).....	69
7.3	Resource Management Act.....	70
7.4	Historic Places Act (1993).....	70
7.5	Regional Council Plans and Documents.....	70
7.6	Rotorua and Taupo District Plans	71
7.6.1	Rotorua District Plan.....	71
7.6.2	Taupo District Plan.....	71
7.7	Planning Guidelines	72
8	Consultation.....	73
8.1	Introduction	73
8.2	Department of Conservation (DOC)	73
8.3	New Zealand Road Transport Authority	73
8.4	New Zealand Land Transport Safety Authority	74

8.5	New Zealand Automobile Association.....	74
8.6	Environment Waikato/Environment BOP.....	74
8.7	New Zealand Police.....	74
8.8	New Zealand Ironman Association.....	75
8.9	Bike Taupo	75
8.10	Reporoa Resident and Ratepayers Association	75
8.11	Eastern Fish and Game Council.....	75
8.12	Iwi.....	75
9	Route Strategy.....	77
9.1	Constraints to Improvements.....	77
9.2	Access and Road Protection	77
9.2.1	The LAR Process.....	77
9.3	Passing Opportunities	78
9.4	Horizontal and Vertical Alignment.....	79
9.5	Cross Section.....	79
9.5.1	Width.....	79
9.5.2	Consistency.....	80
9.6	Pavement.....	80
9.6.1	Rehabilitation/Renewal.....	80
9.6.2	Surfacing	81
9.7	Intersections	81
9.8	Cyclists.....	82
9.9	Signage.....	82
9.10	Projects.....	84
9.10.1	RDC.....	84
9.10.2	TDC	85
10	Conclusions/Recommendations	88
11	References.....	90

Appendices

- Appendix 1: Route Information Sheets
- Appendix 2: Prioritised Maintenance Programme
- Appendix 3: Traffic Volume Data
- Appendix 4: Level of Service Calculations
- Appendix 5: East Taupo Arterial Modelling and Centennial Park Development Traffic Effects
- Appendix 6: Crash Data and Diagrams
- Appendix 7: Photos
- Appendix 8: Project Feasibility Reports
